Blueberry Coffee Cake

1 cup margarine, softened
1-1/2 cups sugar

2 eggs
1 cup no-fat sour cream
1 Tbsp vanilla extract

2 cups all purpose flour
1/2 tsp salt

1 Tbsp baking powder
1 can Blueberry Fruit Filling

1/2 cup granulated sugar
1/4 cup packed brown sugar
1 tsp cinnamon

In large mixing bowl, combine margarine, sugar, eggs, sour cream and vanilla. Add flour, baking powder and salt; mix just until combined. Spread half of the batter in the bottom of a greased 9"x13" pan. Top with fruit filling and then remaining batter.

In small bowl, combine sugar, brown sugar and cinnamon; sprinkle over top of coffee cake. Bake in preheated 350°F oven for 50 to 60 minutes or until toothpick inserted in center comes out clean. Let cool; cut into squares. Makes 20 servings.

Guaranteed to be delicious!! I can't cook, but my family asks me to make this every year...if I can do it, you can too!!
